entry in!**

Kimberly-Clark Health Care
created the **HAI WATCHDOG* Awards**
to recognise HAI champions who make a
difference in reducing and preventing serious, often
life-threatening Healthcare Associated Infections (HAIs)

Any HAI prevention program implemented between
1 September 2013 and 31 August 2014 is eligible.

The winning entries will receive a **\$1,500** educational grant
for their facility from Kimberly-Clark and be eligible for:

- Healthcare industry and local community recognition through
news releases and features on **www.haiwatchdog.com**
- A commemorative plaque for first place winners.

Announcing the 2014 **HAI WATCHDOG*** Awards

Award Categories:

Clinician's Choice Award

(may not be directly measured by specific
HAI rate changes)

This special category is determined by
online voting.

Panel-Judged Award

(measurable changes in HAI rates over time):

- **ICU** Infection Prevention Initiative
- **OR** Infection Prevention Initiative
- **CSSD** Infection Prevention Initiative
- **HAI** Prevention Initiative – Facility Wide

Deadline for entries: 30 September 2014
Open to Australian and New Zealand hospitals

Submit your entry and view past global
entries at www.haiwatchdog.com
